

Aniket Sharma

Full-Stack Developer | React & Node.js | Building Scalable Web Applications

PROFILE

Full-stack developer with skills in designing and developing high-performance scalable web applications that provide interactive user experiences. I am able to simplify complex technical ideas into plain language using good verbal communications skills, and outstanding problem-solving and organizational skills acquired from leading development projects. Technically proficient in HTML, CSS, JavaScript, React, Node.js, MongoDB, and RESTful APIs. Passionate about learning about artificial intelligence and machine learning.

EXPERIENCE

Bengaluru AI Summit 2024 (BAIS24)

Role: *Event Organiser*

- Organized and led Bengaluru AI Summit 2024 (BAIS24) at Google office, Kyoto West.
- Managed over 160 attendees and coordinated a team of 10 volunteers.
- Executed a dynamic, successful event, fostering collaboration with industry experts.
- Demonstrated leadership, event management, and logistical planning skills.

PROJECTS

1. Trendy Threads

Role: *Full-Stack Developer*

- Built a full-stack e-commerce platform with user authentication and payment integration.
- Features a seamless checkout experience, product browsing, and secure user management.
- Tech Stack:** Node.js, React, Express.js, MongoDB, and Vercel.
